

New Park Primary Academy

RE Scheme of Work

RE at New Park explores big questions about life. Children discover the different things people believe and the difference this makes to how they live. Children learn to make sense of religion and worldviews, reflecting on their own ideas and ways of living.

At New Park, RE is taught through thought-provoking questions and follows a two-year cycle. Each year, children are invited to visit a place of worship that relates to a faith they are studying
