

Reception Maths Home Learning

In school we are teaching maths using 'White Rose' Maths Scheme. You can find daily maths video lessons for reception children on their website. You can access these using a Laptop, Smartphone, or tablet. Please contact the school office if you do not have an electrical device. This is in line with what your child would be learning at school. Please find below steps how to access these lesson plans.

1. Google 'White Rose Maths'
2. You should find this website. Click the pink 'Home learning' tab at the top.

3. Choose 'Early Years'

parents and carers!

Following the recent lockdown announcements, many of you will be feeling anxious about how to best support students over the coming weeks and months. We're here to help your child to enjoy and master maths, whether that be in school or at home.

We'll continue to produce daily 'home learning' lessons for Years 1-9. Every lesson comes with a short video showing you clearly and simply how to help your child complete the activity successfully.

Overviews

Early Years video lessons follow our updated Reception Scheme of Learning, which you can see [here](#).

Primary lessons follow our Lesson by Lesson Progressions, which you can see [here](#).

Secondary lessons follow our secondary Scheme of Learning, which you can see [here](#), along with additional guidance for 2020-21.
